IOC Q1 profit soars to decade high

PRESS TRUST OF INDIA
New Delhi, July 28

INDIAN OIL CORP Ltd (IOC) on Friday reported a net profit of ₹13,750 crore in three months to June 30 – the highest in a decade – as margins on petrol and diesel turned positive on softer oil prices.

Standalone net profit of ₹13,750.44 crore, or ₹9.98 per share, in the first quarter of the current fiscal year compared with a loss of ₹1,992.53 crore in the same period a year back, according to a company's stock exchange filing.

The profit was almost 37% higher than ₹10,058.69 crore net profit in the preceding quarter and more than half of the company's best-ever annual earning of ₹24,184.10 crore recorded in 2021-22 (April 2021 to March 2022).

68% DISTRICTS GET NORMAL RAINFALL

Kharif sowing almost on par with year-ago level

Paddy area up 2%, pulses down 11%

SANDIP DAS
New Delhi, July 28

NEARLY 80% INTO the season, sowing of kharif crops remained marginally below last year's level on Friday.

According to agriculture ministry data, 83 million hectare (MH) has been covered under the kharif crops by Friday, a decline of 0.16% on year. A week ago, sowing was 1.2% up on year, a fortnight ago, there was a gap of 4.2%.

Thanks to heavy downpour over northwest, central and southern parts of the country in the last fortnight, paddy transplanting has been up by 1.8% on year on Friday, while a fortnight ago, the gap was 9.8%. At present, only Jharkhand (-45%) and Bihar (-41%) and West Bengal are reporting deficient rainfall. Rest of the key paddy producing states – Telangana, Chhattistgarh and Odisha – have received adequate rainfall in the last one week.

Source: agriculture ministry, *including jute & mesta, Sown area as on July 28, 83.03 million hectare (MH) against average kharif (June-Sept) sown area of 109 MH

Bharat Mandapam: A mix of art & tech

MUKESH JAGOTA
New Delhi, July 28

THE 'BHARAT MANDAPAM' is simply grand. From the outside, it gives the look of a flying saucer or unidentified flying object on stilts.

It could very well have been a terminal building of a major airport. Outside, in the shallow waters, is a huge figure of a conch shell — the symbol of auspicious beginnings. India's latest mega structure is nothing short of breathtaking.

The convention hall that has been named Bharat Mandapam has scale and size that can put you in awe.

Wide corridors that test the capacity to walk, flanked by rows of meeting rooms and auditoriums of different sizes with the smallest one having a capacity to host at least 50 people.

Rooms, corridors and open spaces are filled with art. Each meeting room has an art form from different parts of the country, while each corridor has been decorated according to a theme.

Spaces open to the sky have modern sculptures in the abstract. Some walls have horses galloping out, while others have stone figurines on yogic poses. The attempt is clearly to display India through its art. On the utility side, the three levels of the international convention centre has 24 meeting rooms.

Ten meeting rooms have 50 person capacity, 6 can hold 100, while 4 meeting rooms have a capacity to hold 200 people. These rooms also have VIP lounges.

The centre is equipped with the latest technologies to facilitate events and conferences ANI

The most impressive room in the whole complex is the 'Summit Room' on level two, where leaders of G-20 will meet in September.

Other than the meeting rooms, there are two state of the art auditoriums - one with a seating capacity of 600 people and the other with a seating capacity of 900 people.

At level three is the centrepiece of the convention centre - the multipurpose hall with 4,000 seats. Linked to the multipurpose hall is the plenary hall that can accommodate 3,000 people. However, it just not arts that define India new infrastructure marvel. The centre is equipped with the latest technologies to facilitate all the conferences. It has Integrated audio-video systems for presentations, video conference facilities, modern IT systems as well as 5G connectivity.

After tomato, now turmeric turns red

Source: Spices Board, *1st advance estimate

SANDIP DAS
New Delhi, July 28

AFTER JEERA (CUMIN seeds), tomatoes and tur dal, it's now the turn of turmeric prices to skyrocket. In the last three months, the price of the staple Indian spice has doubled.

Unseasonal rains in the harvesting months of April-May, which have adversely impacted the output, and delayed sowing due to the late onset of monsoon have led to a sharp rise in prices, traders said.

Mandi prices are currently prevailing around Rs 14,000/quintal in Maharashtra, Telangana and Tamil Nadu from Rs 7000/quintal in April.

The spot prices of turmeric on commodity bourse NCDEX on Friday was quoted at Rs 12,904/quintal, while the futures prices for December 20, 2023 delivery rose to Rs 16,082/tonne.

"Farmers' harvests were impacted due to unseasonal rains and delay in sowing would also impact production in the current year," Ankit Agarwal, Director, Amar Agarwal Food, a Erode, Tamil Nadu based trader in turmeric, told FE. He said rains in April-May resulted in high moisture in the crop, which allowed no time to dry. This has affected nearly 7-8 lakh bags (50 kg each) or 35,000-40,000 tonnes of the crop in Maharashtra.

A turmeric trader from Nizamabad, Telangana said because of low realisation from the turmeric in the last few seasons, there has been some shift to other crops by turmeric farmers that can cause a fall in output this year.

Traders as well as farmers are also holding onto some stock in anticipation of higher future prices, sources said.

Traders estimate around 10–15% less output this year compared to previous year. The Spice Board of India has estimated turmeric production in 2022-23 crop year (July-June) at 1.16 million tonne (MT), recording a decline of 5% from 1.22 MT in 2021-2022.

The Board has projected a decline of 10-20% in the sowing area of turmeric in Maharashtra, Tamil Nadu, Andhra Pradesh and Telangana in the current year.

Officials said that higher exports and rising domestic consumption have also affected domestic supplies. India is the largest producer, consumer and exporter of turmeric in the world.

India has share of around 80% in turmeric output followed by China (8%), Myanmar (4%), Nigeria (3%) and Bangladesh (3%).

'Over 50 million tax returns filed'

AHEAD OF THE July 31 deadline, over 50 million income tax returns (ITRs) for assessment year 2023-24 have been filed till July 27, the Income Tax Department said on Friday. "We express our gratitude to the taxpayers & tax professionals for helping us reach the milestone of 50 million ITRs, 3 days early this year, compared to the preceding year!" the department tweeted.

As many as 50.3 million ITRs for AY 2023-24 have already been filed till July 27 as compared to a similar achievement by July 30 of last year.

Out of the 50.3 million ITRs filed, about 44.6 million ITRs have been e-verified i.e. more than 88% ITRs filed have been e-verified. FE BUREAU
